HAG/COM/212/3/2018

February 11, 2019

Dear Friends,

We are pleased to inform you that as part of its outreach activities, the Embassy of India will be organizing a seminar on **“Indo-Dutch Cooperation in the Agriculture and Food Processing sector” on Friday, 22<sup>nd</sup> March, 2019, from 1400-1730 hours**, with the aim of bringing together different stakeholders for furthering bilateral cooperation. The tentative programme for the day is attached.

2. The Seminar will deliberate on the progress in economic ties, the intellectual property regime (IPR) in India as well as flagship programmes/initiatives launched by the Indian Government to encourage investments in the agriculture and food processing sector.

3. There is immense potential in the agri-food sector as India has the second largest production base for food in the world. However, only around 2% of the fruits and vegetables are processed and wastage levels can vary between 4.6-15.9%. With a large consumer base and rapidly changing consumption preferences, the large market in India offers the Netherlands significant opportunities for collaboration, trade and investment.

4. We invite you to our event and request that you register your participation as soon as possible at the link: [Registration Seminar](#). In case you are unable to attend, kindly designate a senior representative of your organization to participate in the event. Please contact Mr. Ashok C. Kaushik, Marketing Officer at [markoff.thehague@mea.gov.in](mailto:markoff.thehague@mea.gov.in) if you have any further queries.

5. Looking forward to welcoming you at the event.

With kind regards,

Yours sincerely,

(Mrinalini Kaur Sapra)  
First Secretary (E&C)
