

## Tax seminar around the India Budget 2020

With a vision to attract foreign investments in India and generate a healthy investment environment, the Government of India has recently announced various measures and stimulus packages. Some of the significant measures including corporate tax rate cut to 15% / 22%, simplifying audit process including moving to e-audits and liberalizing foreign exchange control rules. In parallel there is unprecedented investment on the infrastructure side including roads / railways, clean energy, electric vehicles etc.

In the recently announced Indian Union Budget 2020 on 1 February 2020, significant tax proposals have been tabled by the Finance Minister including abolition of Dividend Distribution Tax, relaxation of compliance filings for non-residents, revamp of personal taxation, enhancing the scope of Advance Pricing Agreements with India tax authorities and safe harbour regulations amongst others.

With this backdrop, **EY and NICCT (Netherlands India Chamber of Commerce & Trade)** invite you to a session at **EY Amsterdam, on 26 February 2020** to discuss the new opportunities emanating out of the recent tax and regulatory reforms and the expected Budget 2020 announcements. **Amit Jain** (EY Leader Global Desk EMEIA and India desk) and **Ronak Sethi** (EY India desk) from London would be present to share their perspective. In case you wish to have a separate one to one discussion then please do let us know as Amit / Ronak would be available for rest of the afternoon.
