Madam/ Sir,

**Subject: BHEL (India) Eol for technology tie-up for onshore AC Variable Frequency Drive (VFD) Oil Drilling Rigs equipment**

BHEL is a leading state owned company, wherein Government of India holds 63.17% of its equity. BHEL is an integrated power plant equipment manufacturer and one of the largest engineering and manufacturing organization in India, catering to the core infrastructure sectors of Indian economy viz. energy, transportation, transmission, defence, oil & gas, renewable and non-conventional energy etc.

BHEL is looking for a technology partner for onshore AC VFD Oil Drilling Rigs equipment. In this regard, BHEL has floated an Expression of Interest (Eol) seeking response from technology owners willing to be associated with BHEL.

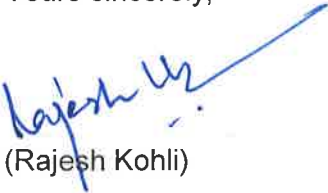

We have uploaded the Eol at BHEL's website and it can be accessed using the link below:

<https://www.bhel.com/expression-interest-technology-tie-ac-vfd-oil-drilling-rigs>

We solicit your support to advise commercial section of your High Commission/Embassy to publicise our Eol document among technology owners for onshore AC VFD Oil Drilling Rigs equipment.

Thanking you,

Yours sincerely,

  
(Rajesh Kohli)
