OBJECTIVE

- India set to be the world's third-largest economy by 2027, surpassing Japan and Germany
- Expected to have the third-largest stock market by 2030 due to strategic investments in tech and energy
- Among three economies to generate \$400 billion annual economic growth from 2023, reaching \$500 billion by 2028
- Poised to become the global manufacturing hub with tax cuts, incentives, and infrastructure spending
- Multinationals optimistic about investing, aided by government support in infrastructure and land allocation
- PHDCCI's International Affairs & Trade Fairs Division collaborates globally for business opportunities
- Organizing the 2nd Edition of "PHDCCI International Week" from 11-15 March 2024
- Each weekday focuses on India's economic ties with a region, addressing opportunities and challenges.

PARTICIPANT PROFILE
